Government of Andhra Pradesh is implementing Jagananna Vidya Deevena (JVD) post-metric scholarship for eligible candidates through Jnanabhumi portal based on the student attendance data through Jnanabhumi Portal.

It is submitted that as per 3rd reference cited above, the student attendance for JVD is implemented through Jnanabhumi Attendance App which is through Facial Recognition System (FRS). To implement FRS in GDCs the task was assigned to "M/s. Syntizen Technologies Private Limited" by the Government. The attendance of students from 1st December, 2022 will be taken into account based on the FRS system only in Jnanabhumi portal.

Hence all the Principals are instructed to **complete the 100% enrolment of students of all the three years in Jnanabhumi portal before 22nd November, 2022** without fail in order to use the Jnanabhumi Attendance App (FRS App) for taking the attendance of students. Principals are instructed to inform the staff to use the FRS App daily for taking the attendance of students immediately.

Rc.No.64/CCE/OTLP/ 2020-21

Dated 11 July 2021

<u>Sub</u>:-Commissionerate of Collegiate Education – OTLP –Instructions on usage of OTLM app - Orders – issued.

Ref:-Instructions of Commissioner of Collegiate Education, Andhra Pradesh, Dt. 05 July 2021

###

The attention of all the Principals of Government Degree Colleges is invited to the subject and reference cited and to inform that the Commissionerate of Collegiate Education, with a view to ensure seamless teaching – learning process during the Covid-19 pandemic, has put in place Online Teaching-Learning Process (OTLP) as an alternative tool to transact the curriculum online. Further, to monitor the conduct of classes effectively through OTLP, the CCE has designed a versatile software application - Online Teaching Learning Monitoring (OTLM) app which is intended not only to monitor and assess the performance of the faculty members but also to monitor the attendance of the students, take feedback from students, evaluate the academic performance of the students, etc., and requested the Principals and faculty members to use it for uploading details of classes transacted during the day.

However, it was observed that there was very poor response from the Principals and faculty members in using the app indicating the sheer negligence on the part of intended users.

Further, as per the instructions of Special Chief Secretary (H.E), salary of the faculty members will be drawn as per the performance report generated through the OTLM app from July 2021 onwards.

Therefore, all Principals are requested to ensure that every faculty member working in the respective colleges downloads the OTLM app invariably and puts it to use mandatorily. Further, the Principals shall prevail upon all the faculty members to conduct online teaching through laptops only for qualitative improvement in OTLP.

The Principals shall scrupulously follow the above instructions and comply with.

The receipt of the proceedings shall be acknowledged.

Present: Dr. Pola Bhaskar, IAS

File No.01/CCE-AP/OTLP/AC-2/2021

Dated: 1808-2022

Sub: Commissionerate of Collegiate Education – Guidelines for the usage of Teaching Learning Process Monitoring (TLP) App in Government Degree Colleges – Reg.

Ref: Discussions with principals during Zonal Review Meetings from 26.7.22 to 1.8.22.

Commissioner of Collegiate Education has conducted Zonal-level review meetings from 26th July 2022 to 1st Aug 2022 to review the matters pertaining to Quality of Teaching, strengthening of Teaching learning processes, Student attendance, Monitoring, Evaluation, NAAC status, action plan to improve the Admissions in the Academic Year 2022-23.

During the Zonal-level review meetings and the CCE visit to various Govt. Degree Colleges (GDCs), the department discovered several flaws in the use of the Teaching-Learning Process (TLP) monitoring App, execution of class work, and monitoring aspects. There is an ambiguity of data in the class work information provided by the colleges to CCE and the reports generated by the TLP app, including a relatively low percentage of student attendance and the number of deviated classes and unauthorised deviated classes in the college- and lecturer-wise reports. In order to achieve compliance meticulously at various levels—college/teacher—the following rules are recommended to all GDCs throughout the state for handling leave adjustments, deviant class adjustments, recouping, and preparation holidays. The Principal will be instrumental in the implementation of the TLP App at the college level. He/she should ensure that

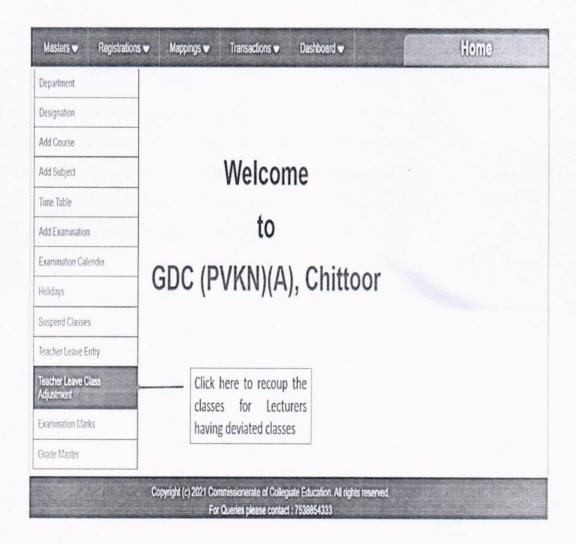

- If any lecturer or staff member is applying for leave/class cancellation/on duty for any reason, he/she should apply for the same well in advance. To modify the scheduled classes of the said lecturers, principals have to mark Leave/OD/class cancellation due to any curricular/extra-curricular activity entry in the TLP App in order to reflect the modifications in the scheduled classes, before 7 a.m. of the scheduled date or after 5 p.m. of the previous day.
- All the staff should report the completion of their scheduled class immediately after the class. Even in the case of technical difficulties, lecturers

should complete the reporting of the classes without fail. If any of the lecturers failed to report, their classes within the deadlines, those classes will be considered as "not reported classes" and they are displayed in the College- and Lecturer-level Summary reports.

 Deviated classes of lecturers on leave/OD/cancellation of scheduled classes/transferred classes must be rescheduled (recouped) in the same or next month even during holidays also without fail in order to cover the prescribed syllabus without compromise. The deviated classes of all the lecturers shall be recouped in such a way that the number of deviated classes is equal to the number of recouped classes.

To recoup the deviated classes follow the steps given below:

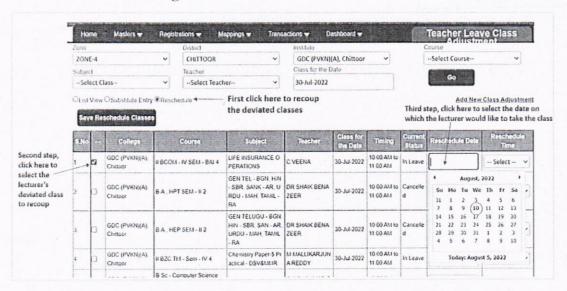

i. After login to the TLP App using Principal credentials, click on "Masters" and then select "Teacher Leave Class Adjustment" as shown below:

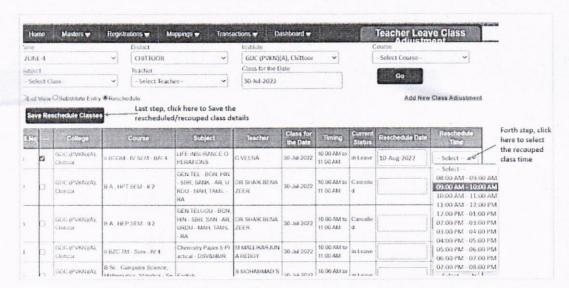

ii. It will display the Teacher Leave Class Adjustment Window, there specify the date on which deviated classed are there and click "Go" as shown in the figure below. There it will display all the lecturers who were either on Leave/OD/cancelled the classes/Transferred their classes.

iii. Click on Reschedule and select the checkboxes against the lecturer name for whom the recouping is to be done, then specify the reschedule date as shown in the figure below.

iv. Then, as a next step select class time as shown in the figure below and click on Save Rescheduled classes.

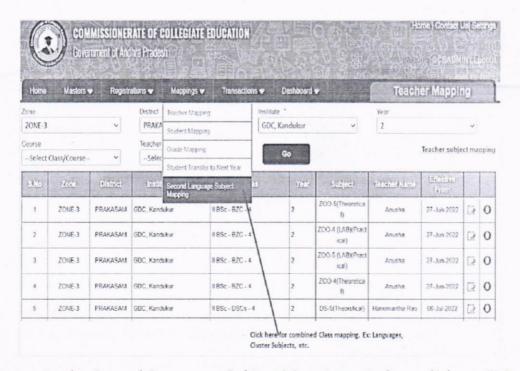

- Repeat the steps (iii) and (iv) to recoup the classes for all the lecturers who are having deviated classes on the same date.
- There shall not be any unauthorised deviated classes and also there shall not be any non-reported classes for any of the lecturers in the college (ie., No. of Unauthorised Deviated Classes = 0, No. of Not Reported Classes = 0)

- The workload for all lecturers is 18 hours per week. If any of the lecturers
 has a workload below 18 hrs/week, he/she shall repeat the classes or
 compulsorily conduct either revision, remedial, or skill enhancement classes
 to meet the minimum workload.
- The number of staff applying for leave on a single day should not be more than 20% of the total staff. Sanctioning of leave / ODs to the lecturers should not disturb the academic work in the college.
- The same staff member shall not be permitted to go on OD to other colleges or universities repeatedly. Instead, lecturers may be permitted to be on duty (OD) on a rotation basis.
- The staff should motivate the students to attend all classes for study purpose and take all measures to prepare for the examinations during their preparation holidays.
- Both the Principal, TLP Coordinator and head of the department must ensure that the college general timetable is prepared and the timetable is mapped to the respective faculty correctly even in the case of combined classes. If there is, any lapse in mapping the timetable, action will be initiated against the principal and TLP coordinator.

<u>Combined Classes Mapping</u>: For all the lecturers who take classes by combining different programmes (Language classes, Cluster Classes, combining different programmes etc.,)

 Select "mapping" in main menu bar and then, select "select Second Language Subject Mapping" as shown in the screenshot below.

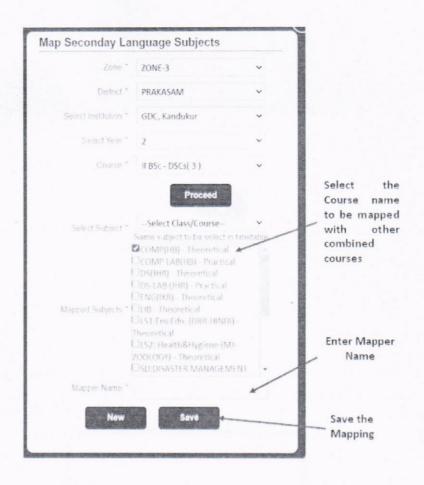

ii. In the Second Language Subject Mapping window, click on "Map Subjects" link as shown in the figure below:

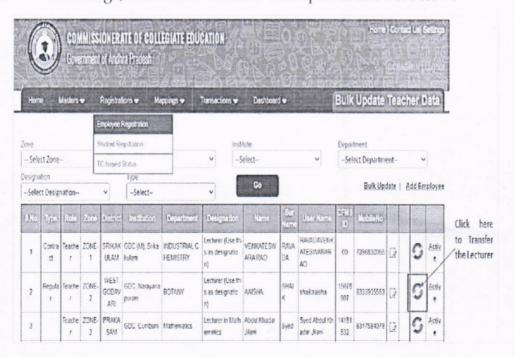

iii. After clicking on Map Subjects , a new window "Map Secondary Language Subjects" will pop up as shown below

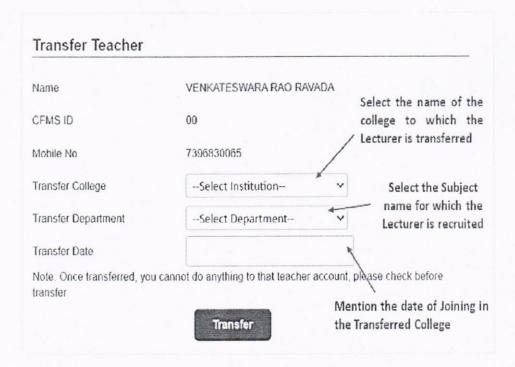

iv. As shown in the above picture, select Year and Course and click on Proceed; when clicked on "Proceed" all the subjects belonging to the year and course will be displayed as shown below and enter all the values as mentioned in the figure and then click on "Save" to save the timetable mapping.

Transfer of Lecturers to other Colleges: If any faculty is transferred from one college to another college, transfer the staff member by clicking on the image, and a new window will open as shown below:

In the Teacher Transfer window given below, select the Institute name (Name of the Institute to which the lecturer is transferred), department and date transferred and click on Transfer

If any college wishes to make the Second Saturday or Sunday a working day
in order to compensate for any of the college's declared holidays/local
holidays, they should send an e-mail to tlpms.cce@gmail.com by mentioning
the date to be made as a working day, day name of the timetable considered,
and the reason for making the holiday as working day.

Eg:

Date of the holiday considered as working day	Time Table Day to be considered	Reason
13-08-202 (II Saturday)	Saturday	To Compensate the Holiday declared on 5-08-2022
14-08-2022	Monday	To compensate the holiday declared on 06-08-2022

Rc.No.61A/CCE/ Acad. guidelines/2020-21 Dated 10 July 2021

<u>Sub</u>: Commissionerate of Collegiate Education – Certain Instructions to Principals and Lecturers on certain aspects of Online Teaching – Learning Process (OTLP) in Government and Private Aided Degree Colleges – Orders issued for scrupulous implementation – Reg.

<u>Ref:</u> Instructions of Special Chief Secretary (HE) issued on 7 July 2021 in the VC held with the Principals of Government Degree Colleges.

###

The multifold challenges posed by the Covid-19 pandemic had thrown the academic activities of all Higher Educational Institutions out of gear and our institutions are no exception. The proactive efforts of academic administrators and teachers towards safeguarding the future of students led to the quick resilience of the same through a transformation to digital pedagogical and learning techniques. Though, some Principals and faculty members quickly adapted to such changes, it was observed that still there is an element of inertia and complacency on the part of some others in raising to the occasion and deliver the intended goods in the greater interest of students' future.

In the light of the above, the Chief Secretary (H.E), in the virtual conference held on 7 July 2021, had issued the following instructions on various academic parameters for effective and seamless transaction of quality online teaching-learning process.

All Principals shall ensure that

- i) All colleges have dynamic website with active Google workspace (G suite) facility for effective handling of online classes.
- ii) Online classes be continued till such a time on-campus academic activity is allowed by the Government.
- iii) All faculty members transact curriculum using Laptops only. Principals shall prevail upon those faculty members who are teaching with mobile phones, to procure personal laptops within 3 days from the receipt of these proceedings and inform the compliance to this office.
- iv) All faculty members conduct their stipulated classes available as per the time tables. All the classes shall be recorded and the functional link shall be pasted in the CCE's OTLM app. The uploaded videos shall invariably belong to the stipulated classes only with the time, date and the list of students attended too recorded and visible. No fake videos or downloaded videos or back videos or repository content shall be uploaded. Further, faculty shall give correct data of the classed handled whenever required to provide. Penal provisions will be invoked for furnishing wrong figures and information.

- v) All faculty teach with quality content. They shall teach online classes using IT tools/ aids such as PPTs, white open boards, videos, case studies, etc., and make classes interacting and interesting.
- vi) All faculty incorporate proper evaluative systems including assignments, tests, project works etc., in the TLP and ensure that qualitative assessment process is put in place for realizing intended programme outcomes.
- vii)Theory classes are attached top priority. Science faculty shall, as far as possible, teach a minimum of 12 theory classes and the remaining practical classes. They shall invariably elucidate theoretical concepts or ideas through demonstration with experimental equipment or tools available in laboratories or models. All science shall faculty engage the practical classes too mandatorily through virtual laboratory platforms. They can take practical classes through recorded video either with the physical apparatus related to the experiment.
- viii) Faculty of humanities, languages, commerce, etc., shall take a minimum of 16 theory hours. They shall incorporate case studies, contemporary and current issues in the pedagogy for vivid understanding by students.
- ix) The students also possess their personal laptops for quality online tearning. The students and their parents shall be convinced to opt for laptops proposed to be provided by the Government through the Jagananna Vasathi Deevena Scheme.
- x) There is optimal attendance of the students to the classes. It is to be noted that the students attendance will be linked to issuing hall tickets for examinations, Jagananna Vasathi Deevena, Jagananna Vidyaa Deevena. Principal and faculty will be called for explanation if the students' attendance in online classes is less than 90%. Principals shall engage faculty members in securing 90% turn up of students to the classes by various means through quality teaching, motivation, pursuation, etc.,
- xi) All faculty conduct revision classes even if the transaction of the prescribed syllabi is completed.
- xii)Faculty shall not be given On Duty facility at the cost of class work. Principal shall ensure that class work is given precedence over the other works and attach top priority to it. Nor faculty members be allowed to attend conferences at the cost of class work.
- xiii) Faculty members take prior approval for leave from the Principal. Such leaves shall be deducted from the scheduled classes.
- xiv) The guest faculty, who are not taking online classes, shall be removed forthwith.

xv)Principals shall note that receipt of show cause notices by the faculty members successively for the months of May, June and July 2021 make them liable for being initiated disciplinary action which may range from cutting emoluments to the removal from service.

Hence, the Principals of both Government and Aided Colleges are requested to bestow their personal interest in taking forward the spirit of digital curriculum delivery effectively by adhering to the above instructions scrupulously.

The receipt of the proceedings shall be acknowledged.

GOVERNMENT OF ANDHRA PRADESH ABSTRACT

Public Services – Finance Department –Comprehensive Financial Management System (CFMS) –APCFSS – Validation of Human Resources Data by the Secretariat Departments and HODs –Orders – Issued.

FINANCE (IT) DEPARTMENT

G.O.MS. NO.39 Dated: 17-03-2018

Read the following:

1. G.O. RT No.: 2067 Fin IT Dept., Dt. 26-10-2017.

ORDER:

In an effort to establish state-of-the art IT applications for effective Public Finance Management, the Government has decided to establish a Comprehensive Financial Management System (CFMS), which would provide seamless and dynamic interface with all stakeholders and facilitate effective financial management.

- 2. Finance Department is in the process of operationalizing the Comprehensive Financial Management System (CFMS), which is being implemented on the SAP back-bone. Andhra Pradesh Centre for Financial Systems and Services (APCFSS) has already been assigned as the nodal agency for undertaking the end to end tasks of this implementation and continued support and maintenance of this application. As part of this, APCFSS is entrusted to undertake co-ordination with SAP, the Systems Integrator for CFMS, and with other 3rd party vendors and various government departments who are the stakeholders.
- 3. Vide the reference cited above, instructions were issued to all the Secretariat Departments and Heads of the Departments (HODs) to identify and enter all the offices (Organisational Units); define the sanctioned strength, working strength with the list of Posts (Positions) and their relevant information (Job/Post Category) and determine who (Person) is sitting in each of these posts. Additionally, they were also asked to determine the relationship between the Positions/Persons, viz. which Position/Person reports to which Position/Person. For this activity, APCFSS has developed a tool and training was given on this tool over a few sessions and also required user manuals and training videos were posted on the tool site. Most of the departments have entered the data in the tool and submitted to enable the CFMS team to extract the same for loading into CFMS.
- 4. CFMS team extracted the data from the tool and loaded the same to the CFMS application. On review of the extracted and loaded data, it has been observed that there are many gaps and inconsistencies with the data provided in the tool. Also, few differences are identified in comparison to the similar data provided to the General Administration Department for the purposes of Aadhar Enabled Bio-metric Attendance System.
- 5. It has been brought to the attention of the Government by the APCFSS team that accuracy of the HR data is a critical need for the CFMS. Establishing the state wide structures of the departments, structures of the individual offices and identifying people to positions in

every office are important prerequisites for the departments/users being able to prefer and process bills and for employee related payments like salaries/wages/arrears/allowances. In view of the inconsistencies in the data provided, APCFSS team has proposed that only HOD/Department validated data may be loaded to the CFMS production system and also proposed an online tool for reviewing and confirming the data. Detailed instructions with screenshots of the tool for the purpose of data validation is provided as an Annexure.

- 6. This concern has been outlined in the video conference dt. 09.03.2018 and since CFMS is going to be the single source of truth, all the departments have been instructed by the Hon'ble CM also to complete this data validation and confirmation or ensure providing missing data/incomplete data in a timely manner.
- 6. The Government after careful examination of the matter, hereby, permit APCFSS and the CFMS implementation team to launch the tool for Human Resources data validation. All the HODs (including the Secretariat Departments) are hereby instructed to log-on to the tool and perform the data validation and confirm the data. For correcting the differences, they are required to follow the instructions provided in the Annexure to get them corrected. Only confirmed data will be loaded to CFMS production system. It is in the interest of the departments to confirm this data so as to enable themselves to perform the activities in CFMS starting from April, 2018. Therefore, it is instructed that this data validation and confirmation activity must be completed on or before 22nd March, 2018. If confirmation is not carried out by this time, the data will be taken up for loading to CFMS production system only after 29th March, 2018 on a first come first serve basis.
- 7. All the Spl. Chief Secretaries, Principal Secretaries, Secretaries to the Government and HODs are hereby request to issue necessary instructions and ensure the timely completion of this activity for their respective departments and ensure their success in using the CFMS for carrying out the tasks related to preferring all types of bills and processing of the same (including all types of payments such as salaries, works bills, vendor payments etc.)

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)

No. CII(Supdt.)/Online Payment of Fee/ 2023

Visakhapatnam, Date: 01-06-2023

From: THE DEAN, COLLEGE DEVELOPMENT COUNCIL

To

The Secretaries/Correspondents & Principals of Affiliated Colleges

Sir.

Sub: Payment of University Fee through online mode only - Reg.

. . .

This is to inform you about the newly deployed online portal for paying University fees. This portal is a convenient and secure way for colleges to pay annual fees without having to visit the University in person. In addition to being convenient, the online portal is a great way to save time and more secure way to pay, as all payments are processed through a secure server.

The online portal is easy to use and can be accessed from any computer or mobile device. To use the portal, the college will need to visit the University website www.andhrauniversity.edu.in, under Administrative Wing

CDC Section and enter their payment information. Once the payment has been processed, the payee will receive online receipt, which should be submitted along with the first year students' allotment list from APSCHE and other related documents, to claim necessary certificates.

The Managements of the colleges are directed to henceforth use the online portal to pay annual University and other fees. Thank you for your cooperation.

Yours truly.

PROFILE

As the number of affiliated colleges is growing year by year, the UGC felt that there is an urgent need for creating an appropriate body at the university headquarters for ensuring the proper planning and integrated development of affiliated colleges and to provide the colleges necessary help and guidance. Thus the College Development Council (CDC) was evolved in Andhra University during the year 1986. The establishment of the CDC with the active and willing participation of various academic and administrative constituents, as envisaged by the UGC, is a welcome step in the direction of improvement of standards of higher education.

The main function of CDC is to serve as an academic guide to the college system on the one hand and on the other to ensure interaction between academic faculties in the university departments and teachers in the colleges. The CDC also conducts meetings with the Principals of affiliated colleges to appraise them and elicit suggestions with regard to the functioning of the CDC. In this regard, the CDC also consults different bodies of the university for the promotion, coordination and raising the standards of education in colleges. It also acts as a regulatory body in regard to proper planning and integrated development of colleges and furnish such information to the UGC and other bodies; advice the university on all matters relating to development of affiliated colleges, such as provision of adequate facilities – academic and physical – for raising the standard of learning, teaching and research and its periodic evaluation for enabling the university to maintain reasonable continuity of policy in regard to development of colleges. It also evaluates and assesses the impact of UGC grants utilized by the colleges for the implementation of various development projects in addition to various functions like reviewing the inspection reports of New Colleges as well as existing colleges and suggest remedies for the defects and irregularities reported.
